One Hundred Dollars a Box

is the value H. A. Tisdale, Summertown, S. C., places on DeWitt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." Sold by all druggists.

A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you will never be wrong if you take Dr. King's New Life Pills for dyspepsia, dizziness, headache, liver or bowel troubles. They are gentle yet thorough. 25c. at all druggists.

Daniel Landsaw, having determined to go West, will sell all his household goods, stock, crop, etc., at public outcry on the 12th inst. For particulars see bills from this printery.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Death From an Open Grate.

Mrs. Sofia Garrett, wife of Jas. Garrett, was burned to death at her home, two miles from Stanton on Saturday last. She was standing in front of an open grate when her clothing caught fire and was burned from her body before her aged husband could get to her aid. When he reached her she had fallen to the floor. He was burned about his face, arms and hands while attempting to extinguish the flames. Mrs. Garrett lived five hours and suffered excruciating pain. She was the mother of Hon. Green Garrett, of Winchester, formerly a member of the legislature, well known and well liked here.

Fight Will Be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. A. Beall of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by all druggists. Price 50c. and \$1.00. Trial bottles free.

Boy Kills Sister at Jackson.

Logan Bryant, aged 17, and his little sister, aged 12, were playing at being soldiers Monday morning at Jackson, when a shotgun in the hands of the boy was discharged so close to the little girl that she was literally torn to pieces.

The whole load, even to the wadding of the gun, entered the child's body, killing her instantly. The boy explains that he did not know the gun was loaded.

THE LITTLE PAPER THAT'S
PRINTED IN OUR TOWN.

BY SAM WILSON.

Of the many, many papers that are printed in our land,
And quite a number of them come to hand,
I hurriedly scan them o'er and gently lay them down,
And pick up the little paper that's printed in our town.

'Tis like a letter reading, from dear friends afar,
The printing is as clear as silk, without a blot or mar,
And then I revel in the news, from top of column down—
This little paper that I love, that's printed in our town.

Now, some may choose the magazines and other literature,
And some the trashy novels, which I can ne'er endure,
They cannot soothe the feelings or wipe away the frown
Like the little paper I so love, that's printed in our town.

It tells us that Tom Jones has sold the farm he owned so long,
And Widow Bots has married a son of old Judge Strong;
And all the news from creek to creek, that gossip cannot drown,
Are in the paper I so love, that's printed in our town.

It tells of this thing and that—of matters we like to know,
In fact 'tis crowded full of news—that's been its way since long ago:
A household gem, jeweled with renown—
Is this little paper I do love, that's printed in our town.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and lagrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Dr. Armstrong of Dallas, Texas, prescribes it daily and says there is no better cough remedy made. Sold by all druggists.

A Deplorable Accident.

While bird hunting Tuesday on Mr. Townsend's farm above town Rev. R. L. Bussabarger accidentally shot one of Mr. Townsend's little boys. It seems that Townsend objected to the shooting and started his little boy to tell them to stop it. When within about 100 yards of Bussabarger, from whom he was hidden by the weeds, that gentleman fired at a bird and the boy received part of the charge, one shot penetrating the extreme left corner of the eye socket. Dr. Bakes dressed the wound and says there is no danger of the boy losing his sight. Bro. Bussabarger deeply deploras the accident.

The only paper published especially for people who do not read daily newspapers, and yet thirst for plain facts. That this kind of a newspaper is popular, is proven by the fact that the Weekly Blade now has over 175,000 yearly subscribers, and is circulated in all parts of the United States. THE NEW YORK WORLD

Thrice-a-Week Edition.

Read Wherever the Eng-
lish Language Is
Spoken.

THE Thrice-a-Week World was a brilliant success in the beginning and has been steadily growing ever since. This is the test of all things, and has met its seal of approval on the Thrice-a-Week World, which is widely circulated in every State and Territory in the Union, and wherever there are people who can read our mother tongue.

This paper for the coming winter and the year 1903, will make its news service, if possible, more extensive than ever. All events of importance, no matter where they happen, are reported accurately and promptly.

The subscriber, for only one dollar a year, gets three papers every week and more news and general reading than most great dailies can furnish at five or six times the price.

The Thrice-a-Week World is absolutely fair in its political views. Partisan bias is never allowed to affect its news columns, and Democrats and Republicans alike can obtain in its pages truthful accounts of all the great political campaigns.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers.

We offer this unequalled news-
paper and The Herald 1 year, for \$1.50

The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

On Thursday last Uncle Pres Trimble had the misfortune to lose or mislay his pocket book, which contained a \$10 and a \$20 bill, respectively, besides some notes and receipts, but no other money, so far as he remembers. He was in the office that day and paid us 50 cents, remarking as he did so that a man down town had paid it to him and that he had kept it in his hand to pay to us. He did not have his purse out at our place, but after reaching home he missed it and at once went back to all the places where he had been, without hearing of it. We never have believed in total depravity, but the man or woman who would hold up this old man's money would be so dangerously near the point that it might convert. But there is a bare possibility that he lost it en route home, and after the snow melts it may be found. It is earnestly to be hoped, anyway.

Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver and clarify the blood. Run down systems benefit particularly, and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only \$50c, and that is returned if it don't give perfect satisfaction. Guaranteed by all druggists.

Sam Wilson last week finished painting the outside of Ed Cecil's home, the body being a dark apple green, trimmed with maroon, and it is a handsome job. Our painter has been as busy as could be since last March, keeping in touch with his old patrons and gaining 10 or 12 new ones during the year. This closes his outside work this year, but he is ready to do inside work for those who need his services.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

OBITUARY.

Mrs. Judith Frances McGuire, (Nee McKinney), wife of Bernard McGuire, died Nov. 19, 1903, aged 39 years, 6 months and 19 days. She leaves a devoted husband and two children, Rhoda, 14 years old, and Orville, 10 years old. "Judy," as her acquaintances familiarly called her, was a patient sufferer for several years before her death, but bore all pains patiently until the hour of her death. She died in the full triumphs of a Christian faith, and expressed herself perfectly willing to die, except she was grieved to part with her kind husband and dear children and a host of sorrowing friends. She was laid to rest in a fine casket and buried in what is known as the McKinney cemetery, near mouth of Grassy creek, there to await the Resurrection Morn.

When she will drop the lifeless clay
And assume a bright and heavenly form,
And enter one eternal, changeless day,
Being freed from suffering, death and harm.

J. T. GEVEDON.

D. Y. Combs, of Hazard, Ky., "I have suffered for ten years with my stomach and all doctors failed. I have used four bottles of your Kodol Dyspepsia Cure and can now eat and drink anything I want." Kodol Dyspepsia Cure digests all classes of food, tones and strengthens the stomach and digestive organs. It supplies the natural juices of digestion and does all the work of the stomach, while the inflamed muscles are allowed to rest and heal. Sold by all druggists.

Lee Caskey has introduced the natural gas recently developed on his place into his dwelling for fuel and thinks it the best heating agent he ever used. He uses it in two grates and his cook stove, and says the beauty of it is manifest in the absence of ashes, dirt, etc., to say nothing of its economy and convenience. Later on he will illuminate with it also.

The Lone Star State.

Down in Texas at Yoacum, is a big dry goods firm, of which Mr. J. M. Haller is the head. Mr. Haller on one of his trips East to buy goods said to a friend who was with him in the palace car, "Here, take one of these Little Early Risers upon retiring and you will be up early in the morning feeling good." For the "dark brown" taste, headache and that loggy feeling DeWitt's Little Early Risers are the best pills to use. Sold by all druggists.

Mrs. Ellen Kash, having sold all of her household effects here and broken up housekeeping, has gone to Odessa, Mo., and orders THE HERALD to follow. To the good citizens of that town we commend her as a most elegant lady, one whose many womanly virtues will adorn any community.

State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a College home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other Institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

Try for Health

222 South Peoria St.
CHICAGO, ILL., Oct. 7, 1902.
Eight months ago I was so ill that I was compelled to lie at home nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

George Rinder

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

CAMPTON COURIER.

BENJ. SEWELL, Editor. VOL. I. No. 21

C. C. Hanks returned from Muskogee, Indian Territory, last week.

The public school at this place will be "out" on the 17th inst.

A five-year-old girl of Thomas Horton's died on the 28th ultimo of croup.

E. P. Berney and wife last week moved into the residence recently occupied and owned by A. F. Byrd.

Thanksgiving day passed off quietly at this place, but some of the nimrods made a good haul of "big-eyed rabbits."

Married, on the 19th ultimo, Isaac W. Combs of this place, and Miss Laura Morton of Rightangle, Clark county. Here is wishing the couple a long life of happiness and prosperity.

On last Sunday Rev. W. T. Tyler, assisted by Rev. J. M. Robinson of Willmore, commenced a protracted meeting at this place, which will continue till after the Xmas holidays, the Lord and His people being willing. It is hoped this meeting will result in deep, thorough and lasting good in the hearts of the people. Everyday, all-the-time religion is good, and God knows that the people here, as elsewhere, are frightfully in need of it. Let it come; come now, and come to stay. Amen.

The oil magnates of the Campton oil field are assuming new airs and wearing broad smiles as a result of two good wells being bro't in recently, one by the Wolfe County Oil and Gas Company, on the farm of John W. Williams 14 miles southeast of Campton, and one on the farm of S. B. Smith, 4 miles southwest, by a Michigan Company. This latter well was drilled through the first sand some time since and given up as a duster. Recently the company decided to drill deeper and by going 70 feet deeper the second sand was struck, and in a few minutes after it was tapped the oil raised in the well 800 feet; and the best grade of oil found yet in the Campton field. This opens up an extensive territory, and experienced oil men say there is no doubt but what this will be a splendid oil field. Development goes merrily on. Two wells are due to be brought in this week, one by the Eastern Kentucky Oil Co. and one by the Kentucky Coal, Oil and Gas Co.

The "old-life-time-hold-over-trust"-ees of this place have made a broad sweep assessment for taxes, and in due season will make a broad gauge collection of same. Good, all right so far as it goes. Let them apply the money collected to the building of stone walks across the streets, the erection of bridges across the streams, and all

will be well. The idea of collecting taxes from time immemorial and no improvement going on shows up bad on its face, and then having the impudence to ask some individual to build a walk across some street surpasses all understanding. There is no town law to compel a fellow to build across the streets, but there is a law to compel them to build sidewalks around their property, and if you are such law-tracking saints why don't you enforce it? The writer of this article stands ready to build around his property when the trustees apply some tax money in building a walk across the street to connect it. If they won't do that they can force the people to wade across the street in the mud to the postoffice. He would build all but he helps to pay taxes expressly for such purposes. Let the town authorities force the property owners to build walks around their property; then let the people force the authorities to build across the streets to connect, and upon their failure indict them for malfeasance in office and turn them out of power. The voice of the people in elections is powerless to oust them. They were voted out to a finish, but by some hocus-pocus, or stent, they hold over for the remainder of life. Their horns of authority are wrinkled with years of power, but where is the lustre of their accomplishments?

Tomorrow May Be Too Late.

How many times have you put off something, saying: "I'll do that tomorrow"? But when tomorrow came you again put it off and have kept on putting it off ever since. When asked why, you say "Oh, there's plenty of time yet." IS THERE? Just one example. A young man was taken ill and attended by a physician who left him some medicine to take at a certain hour. When the time arrived the young man, feeling better, said: "I don't need that now," and cast it aside. On the morrow a crape on the door and the tear-stained faces of wife and little one told a story too sad to picture.

Among the many uncertainties of life there comes a certainty—it is Death, and we must all meet it. It rests with you to make provision for those who depend upon you. The best protection that money can buy is in the
